

INDUSTRIAL INSPECTIONS DIVISION

INDUSTRIAL INSPECTIONS DIVISION

The Division offers a wide variety of inspection and testing services for industrial and infrastructure projects, both during the acquisition of structures, equipment, machinery, parts and components, as well as in the manufacture, construction and maintenance thereof.

Our Division has technically trained professionals focused on increasing quality and reliability of the equipment with an asset management vision and intelligent integration of techniques and technologies, always seeking the increase of production and the sustainable economic benefit of our customers.

MEMBERSHIPS

- Member of American Welding Society, ASME, ASNT.

OUR SERVICES

Inspection Area

- Inspection and certification of cranes and bridge cranes
- Inspection and certification of lifting equipments
- Inspection and certification of lifting accessories
- Inspection and certification of transport tanks
- Welding technical inspection
- Technical inspection in workshops
- Manufacturing technical inspection
- Inspection of storage tanks
- Inspection of lines and pipelines
- Coatings inspection
- Visual inspection
- Monitoring of conditions
- Welding procedure qualification
- Welders qualification

Non-destructive testing Area

- Liquids penetrats
- Magnetic particles
- Conventional ultrasound assays
- Phased Array ultrasound assays
- Measurement of thicknesses by ultrasound
- Roughness measurements
- Visual examination
- Hydrostatic tests
- Pneumatic tests
- Remote visual examination (borescope)
- Mechanical tests (all types of materials)

Training Area

- Non-destructive Testing Courses
- Basic welding courses (normative)
- Lifting Inspection courses

In the process of Certification
ISO 9001:2015

Cargo Inspection Services and
Industrial Inspections
